PROFESSIONAL SUMMARY

Data-driven SEO Content Strategist and Content Marketing Specialist with 7+ years of experience in Search Engine Optimization, Content Strategy, SEO Content Writing, and digital growth for international clients. Strong background in organic traffic growth, SERP optimization, on-page SEO, technical SEO, keyword research, content optimization, and conversion-focused content. Proven track record of increasing organic traffic by 35%+, achieving top 10 Google rankings for 50+ competitive keywords, and producing 1,000+ SEO-optimized articles across healthcare, technology, marketing, and niche business sectors. Experienced in Google Search Console, Google Analytics, GA4, WordPress SEO, website optimization, and performance-focused content systems. Also bring practical experience in AI-assisted content creation, AI research, prompt optimization, workflow automation, and modern search frameworks including AIO, GEO, and SXO. Have actively studied and worked with AI tools for around 5 years to improve content quality, research, publishing speed, and productivity. Also serve as an Instructor in AI and Content Writing, with seminar speaking experience and strong communication, training, and mentorship ability.
